Come to the Rowan Writing Center with your writing assignments! We are a group of experienced, friendly, and passionate tutors who will guide you through all steps of the writing process: invention strategies, rough drafting, revising, grammar and editing. We know the writing process can be tough, tiring—even scary. Hey, we’re writers, too. We also know that with a little extra guidance, you’ll be able to brainstorm ideas, overcome blockages, and learn useful skills to get that assignment rolling. Students from all disciplines can benefit from a visit to the Rowan Writing Center, located in Room 131 of Campbell Library.
